

EARTH SHATTERING

©2008 Spencer Rogers BMI / Bryan Davis ASCAP

just wanna say
won't you just listen to me
see it my way
why won't you babe?

let me explain
let me ease the pain
so you don't make a mistake
you will regret someday

I'm betting that you really wanna see me hurtin'
as much as you are hurtin'
don't you babe?
well let me tell you I am not the only one
who has got a lot to lose if you choose not to stay

**cause everyday in every way
we've been mistaken at least I can admit it
from everyday to never hey
is Earth shattering
it's a shatterang**

we've been keeping secrets and collecting
regrets
you won't forgive or forget
why won't you babe?

I've got my reasons
don't you want to deepen
won't you see I mean it
why why can't you babe?

I only wanted to keep you pretty mamma
and spare you from the drama can't you dig that
babe?
you've said yourself there's been times you've
crossed the line
and I've been more than forgiving babe

**cause everyday in every way
we've been mistaken at least I can admit it
from everyday to never hey
is Earth shattering
it's a shatterang**

it only is if you want
we wanna see what we see
only want what you need
you only don't cause you won't
we wanna see what we see
won't you see?

I'm betting that you really wanna see me hurtin'
as much as you are hurtin'
don't you babe?

well let me tell you I am not the only one
who has got a lot to lose if you choose not to stay

**cause everyday in every way
we've been mistaken at least I can admit it
from everyday to never hey
is Earth shattering
it's Earth shattering**

this is Earth
it's Earth shattering
it's a shatterang
it's Earth shattering

this is Earth shattering
it's Earth shattering
it's a shatterang
It's a shatterang

this is Earth shattering
it's Earth shattering
it's a shattering
it's Earth shattering

This is Earth shattering
it's Earth shatterang
it's a shattering
it's Earth shattering
shattering...
