©2008 Spencer Rogers BMI / Bryan Davis ASCAP

no no we ain't gonna take it

you should take a left  
you should take a right  
you should wear that shirt tonight

you should have the white  
and I'll have the red  
maybe baby you should get better in bed

you should quit smoking  
you should quit drinking  
you should always know what I'm thinking

**stop should'n on me  
you shoulda known me  
you shoulda known better girl  
stop should'n on me  
you shoulda known me  
you shoulda known better girl**

you should buy me diamonds  
you should buy me pearls  
quit looking at other girls  
you should call me baby  
you should call me honey  
call me back when you make some money  
you did not do this you should not do that  
and by the way that belly ain't sexy

**stop should'n on me  
you shoulda known me  
you shoulda known better girl  
stop should'n on me  
you shoulda known me  
you shoulda known better girl**

I told you so  
I told you so  
I told  
I told you

you sound like a broken record  
should'n on  
you sound like a broken record  
you sound like a broken record  
should'n on  
you sound like a broken record  
should'n on
