©2008 Spencer Rogers BMI / Bryan Davis ASCAP

when I saw her standing by the roadside thumb high  
My my lookin for a free ride she waved high  
I stopped my ride she hopped inside  
She said "nice automobile you really helped me out"

**She's got the chi strange energy ohh yeah**  
**Surrounding me**  
**She's got the chi**  
**The chi**

It's the groove or the way she moves  
I'm confused I'm not used to this mood can't refuse  
though I do feel used  
I still can't refuse  
what's a guy gonna do?  
Somebody help me out

Shoulda kept on driving by  
Imagination  
Infatuation  
the sensation  
Straight out of fiction

**She's got the chi strange energy ohh yeah**  
**Surrounding me oh yeah**  
**She's got the chi the chi**  
**strange energy ohh yeah**  
**Surrounding me oh yeah**  
**She's got the chi**  
**The chi**

Damn, good God....Damn, good God

This ain't just a movie she's not rated PG  
But every move she makes  
she makes on the big screen  
I said this is not a movie she's not rated PG  
but every breath she takes  
she takes it on the big screen

can you help me now?  
can you help me out?  
somebody help me now?  
Can you help me out?

**She's got the chi strange energy ohh yeah**  
**Surrounding me oh yeah**  
**She's got the chi strange energy ohh yeah**  
**Surrounding me oh yeah**
